

## **R\*STARS ESCHEAT ADDRESS PROFILE (D73)**

The following software will be in production on Thursday, March 21, 2002.

A new R\*STARS agency profile has been created. It is the D73 Escheat Address Profile. The addresses contained on the D73 profile will be printed on the Escheat Affidavit forms. The affidavits will be created for outstanding warrants that were issued prior to 9/30/2001 and were for an amount of \$100 or more. The affidavits will be mailed to payees' last known address. Agencies will use the new D73 screen to maintain return addresses for each of their batch agencies with User Class 81. MAIN will initially populate the screen information for the return address from prior year data to the new profile screen. Agencies should verify the D73 data for their agency and, if appropriate, update the information. The D73 replaces a process that relied on transmittal and data entry of paper forms.
